Re: Application for Approval of the Transfer of Assets of Cybertel Communications
To ComTech21, LLC Docket # 04-00164

1. ComTech21, LLC has filed petitions in all States excluding Hawaii and Alaska for the approval of the transfer of Cybertel Communications customer base to ComTech21, LLC. Thus far the rulings have been in favor of ComTech21, LLC to transfer the customer base, with some states needing nothing more than notification. Attached please find a list of the states where Cybertel Communications is proposing to transfer their customers to ComTech21.
2. Cybertel Communications is not transferring any other assets to ComTech21, LLC other than their long distance customer base. ComTech21, LLC is not aware of what extent Cybertel Communications will remain in Tennessee or any other state in the future.
3. ComTech21, LLC purposes to acquire the telecommunications customer base only and not take control over any other assets that Cybertel may have.
4. There are approximately 52 Cybertel customers in Tennessee.
5. ComTech21, LLC is not aware if Cybertel Communications will be surrendering their CCN, or retaining it.
6. I would need clarification of this question in order to present an answer.
7. This was not intended to be a joint petition filing, and may have been indicated so on the cover letter, but not in the filing itself.
8. Copy of customer letters enclosed.
9. The projected consummation date of this transaction is upon approval from the commission.

Sincerely,

Marie Marcarelli, EVP
